

Jefferson Joint School District #251 Facility Building Use Agreement

Jefferson Joint School District No. 251 Terms and Conditions for Building Use

The Board of Trustees adopts and reviews periodically the criteria concerning non-school building use. Permission may be given for rental of facilities by non-district organizations or groups under the following conditions: (generally, school groups may schedule and use facilities without rental charge, but are subject to additional costs that pertain to specific facilities such as auditoriums)

1. **USE OF FACILITIES:** Permission may be given for rental of facilities by non-district organizations or groups under the following guidelines:
 - A. Applications requesting the use of a school facility must be presented to the building Principal at least ten (10) days in advance of the time desired and must be signed by a qualified representative of the organization desiring to use the building.
 - B. When considering facility use applications, the following should be taken into consideration:
 - i. The activity shall not interfere with the schedule of normal activities of the school or District.
 - ii. The content of the activity should be reasonably appropriate in a school setting.
 - C. The renting of school facilities will normally be on a first-come-first-served basis for eligible organizations. School related activities are a priority for building use, but must be scheduled as early as possible.
 - D. Kitchens may not be rented. Arrangements for catering may be made directly with the food service personnel.
 - E. A Building Rental Agreement must be completed and approved by the building principal and a district level administrator prior to any use of a school facility by a non-school group. Rental fees must be paid in advance. If multiple areas are to be used then the per hour rental fees will be the sum total of all applicable fees.
 - F. Lessee shall have right of access through the halls and corridors of such building, but acquires no other right in any other part of the building than the parts specified.
2. **SUPERVISION:** There must be a school district employee, approved by the school administrator, on duty for the use of all facilities within the district. As deemed necessary by the Superintendent, or his designee, additional District employees may be required to be on duty to supervise activities held in District facilities. Any additional costs incurred will be billed to the renting organization. If the buildings are to be rented at times other than Monday-Friday between the hours of 5:00 a.m. and 7:30 p.m. the renting group must pay an additional \$21.00 per hour fee to compensate the district for costs associated with paying an employee to supervise the activity. This fee may be waived if the renting organization arranges for a district employee who is approved by the school administration, and who is willing to supervise the

group. With the permission of the principal or auditorium supervisor, trained and approved light and sound technicians may volunteer their time to defray costs for the renting group.

- 3. GROUP CLASSIFICATIONS.** The following types of lessees are defined to ensure appropriate billing for usage of facilities.

Community Groups

The use of school district facilities by board recognized and approved community groups *may* be without charge. This category includes the following:

- A. Charities such as United Way, Red Cross, Cancer and Heart Associations, etc.
- B. Civic groups such as town councils, disaster and relief groups, Civil Defense, political units (water, fire, cemetery, etc.) American Legion, VFW, League of Women Voters, etc.
- C. Education groups such as universities, vocational colleges, extension service, JCEA, alumni associations, and community education.
- D. Public service groups such as Boy Scouts, Girl Scouts, 4-H groups.
- E. Rigby Youth sports groups.
- F. Non-commercial groups or individuals whose activity directly benefits the students of Jefferson County School District #251. These groups must apply for waiver of fees status and be approved by the Superintendent or a designee prior to requesting use of district facilities. These groups must complete a Waiver of Facility Use Fee Form at the District Office and be approved prior to completing the facility use agreement and scheduling activities at any facility.

These groups may not be charged for facility use if the meeting or activities occur when a regular custodian is available to open and close the building. Should the meeting or activity be scheduled on Saturday or when a custodian is not on duty, the additional fee of \$21.00 per hour will be charged to pay for the custodian's additional overtime. The district's automated heating system schedule will not be altered for this category of rentals. It is expected that groups will leave the building clean, or the custodians extra cleaning time will be billed to the renting individual or organization.

Non-Commercial Groups

The rates charged for these rental groups are planned to be sufficient to pay operational expenses only, including extra time for custodians. Non-commercial use of district facilities are those where, (1) no funds are collected and the use is for community benefits; or, (2) funds are collected and the group is considered by the Internal Revenue Service (IRS) to be a charitable organization, with tax-exempt status.

Commercial Groups

This category applies to those individuals or organizations not specifically mentioned in the first two groups. It is recognized that rental fees for this category are full cost recovery for the School District. Prior to the executing of the contract, commercial groups will provide the district with a copy of their liability insurance that names the School District as an additional insured.

NON-PROFIT ENTITIES: With the approval of the superintendent, a portion or all of the rental fees may be waived for not-for-profit organizations that directly involve school age children in activities that

promote the goals of the school district. For-profit groups that are not charging admission for the specific event at the school may be allowed to use the facilities at the not-for-profit rate if approved by the principal and the superintendent. This policy allows for exchange agreements between the district and municipalities, the county or other non-profit or government entities
